

**RE : Statement concerning BWE SheathEx550 line**

Dear Sirs,

ILJIN Electric is one of the leading MV, HV and EHV power cable manufacturers in Korea. We confirm that we have installed BWE SheathEx550 line in our plant in Korea last year. The productivity and the quality of the cables produced in this machine are meeting at standard requirements.

Also we are happy and satisfied with the continuous BWE engineer's technical support very much.
